Subject: Our river needs a responsible cleanup

I've heard the EPA wants to get all pollution out of the river, but please make sure the cleanup doesn't harm jobs. I am very concerned about the financial impact the proposed clean-up will have on Portland area small businesses. Before we tout the economic benefits of clean-up, we should make sure not to do harm to existing jobs.

If the EPA approves a big, expensive cleanup, I am worried that it will lead to higher costs for small companies and Oregonians. We also have utilities who will pay part of the cost and I'm worried a big cleanup bill would lead to higher utility bills.

Our harbor is a big part of our economy. Please pick a plan that is good for our workers.

Sincerely,
